

ALEXANDRE ARABIAN JENSEZIAN

SOFTWARE ENGINEER

✉ alexandre.arabian.j@gmail.com

☎ +34 677 09 69 12

📍 Madrid, Spain

🌐 [Personal Web](#)

Through my background in Software Engineering and Web Development, I bring both passion and creativity to the table. My experiences in different countries, in addition to speaking several languages, work as motivation to find opportunities and face new challenges.

WORK EXPERIENCE

📁 Full Stack Trainee

Globant

February - May 2024

- Collaborated with cross-functional teams to create a Web App for managing employees with unassigned clients using Typescript and other technologies.
- Created technical documentation and guidelines about Agile methodologies that helped new co-workers get up to speed.

📁 Front End Developer

Tadron Teatro

July - October 2024

- Designed and coded a theatre website from the ground up.
- Added intuitive features to facilitate bookings for the plays.

📁 Graphic Designer and Illustrator

Keep Your Distance
